

Dear Taxpayers,

We would like to extend our sincere thanks to Corrie Goessman and all the residents who attended the recent community potluck. Your participation and support help strengthen our neighborhood spirit. Special appreciation also goes out to those who assisted with clearing the dying bushes — your efforts made a visible difference.

The SEID Trustees continue to work closely with the Regional District of Okanagan-Similkameen (RDOS) on the conversion process. We remain committed to keeping you informed and engaged as this work progresses.

As we are in the middle of the hot, dry summer, we encourage everyone to explore water-wise practices through the Make Water Work initiative. This program offers practical tips for conserving water in your yard, such as:

- Watering between dusk and dawn to reduce evaporation
- Using drip irrigation for shrubs and gardens
- Choosing drought-tolerant plants suited to the Okanagan climate
- Leaving grass clippings as mulch and aerating your lawn for better water retention

These small changes can make a big impact on our shared water resources. Learn more and take the pledge at:

www.makewaterwork.ca

Do you know your watering day?

Even numbered properties - Tuesday, Thursday and Saturday

Odd numbered properties - Wednesday, Friday and Sunday

Thank you for your continued support and commitment to our community.
