

Skaha Estates Improvement District Update: September/ October

Water Restrictions:

Water restrictions ended on October 1, 2024. Thank you, residents, for your cooperation!

Interior Health:

The Trustees met with the Environmental Health Officer of Interior Health on September 24, 2024. The meeting was a discussion about where the system is at, what has been implemented over the last year, and looking at the next steps that need to be taken.

On October 11, 2024, a letter was received from the Environmental Health Officer informing that the Boil Water Public Notification can be downgraded to a Water Quality Advisory (WQA). Please see the attached letter from Interior Health.

For more information regarding Water Quality Advisory, please visit:

www.drinkingwaterforeveryone.ca/files/Interior_Health_Water_Advisory_Signs_March_28_2018.pdf

There are still numerous infrastructure upgrades to the system that are required. More information regarding the system and its assessment will be presented to the Regional District of Okanagan-Similkameen. The date of this will be communicated out to residents.

Park:

Several sprinklers were repaired over the summer. The irrigation blowout will be occurring on October 19, 2024.
